ABOUT US

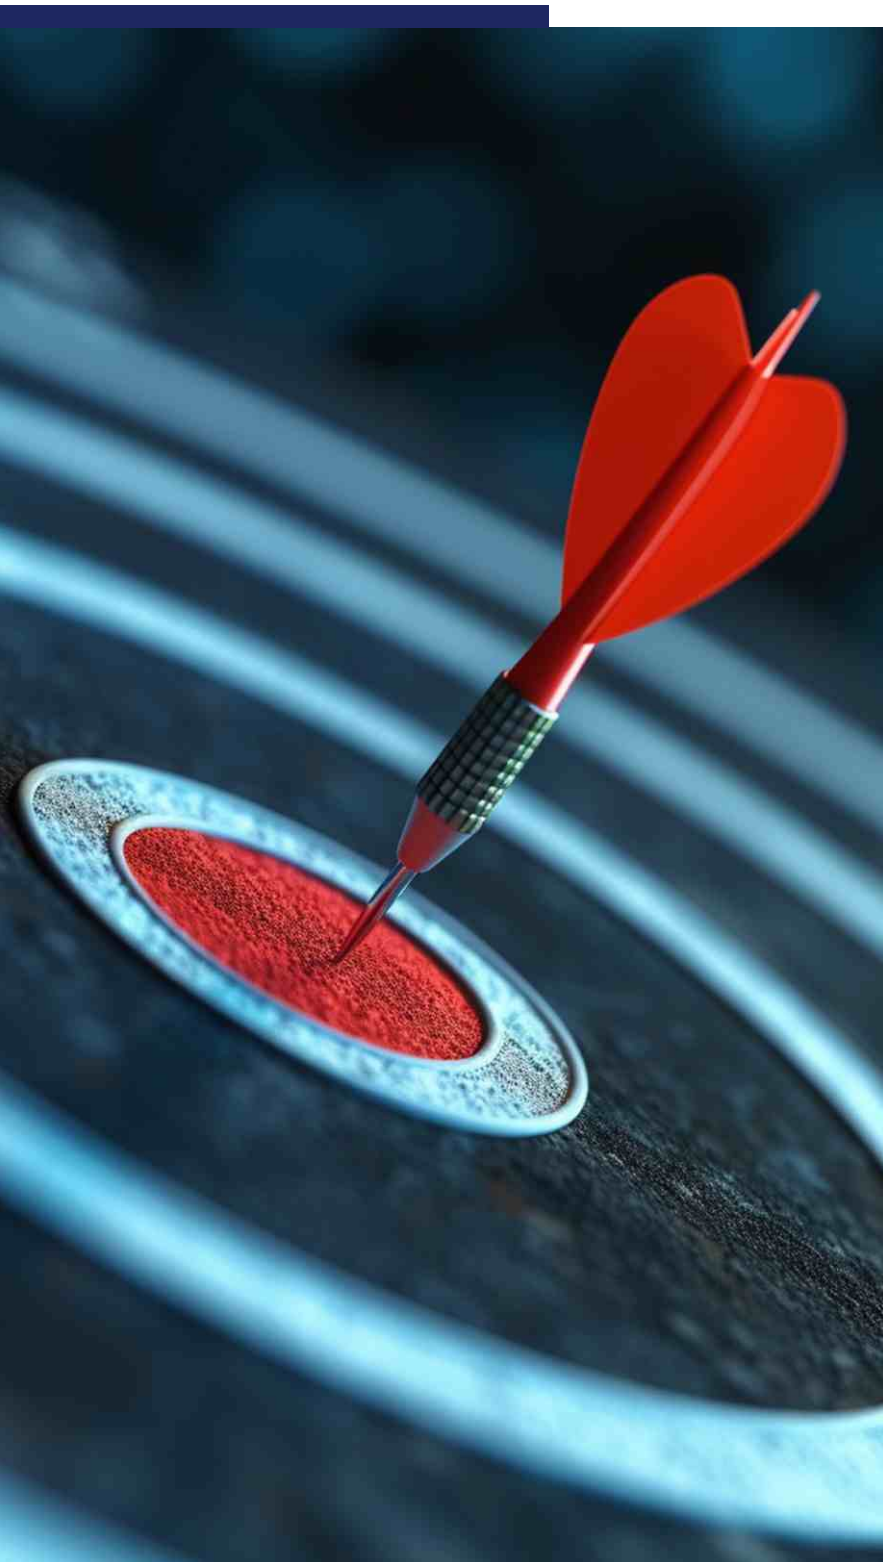

NK QS Solutions is an integrated construction consultancy and contracting firm managing end-to-end project delivery from design and execution to operations and maintenance. We serve public and private clients across residential, commercial, and institutional sectors, delivering complex projects on accelerated timelines with cost certainty.

Our strength lies in consolidating multiple disciplines under one roof eliminating coordination gaps, reducing delays, and ensuring accountability from concept to completion and beyond.

ABOUT US

VISION & MISSION

Vision

Be the preferred partner for organizations requiring integrated construction solutions with operational certainty.

Mission

Deliver projects and maintain assets through disciplined execution, transparent reporting, and lifecycle cost optimization

Delivering Value
Through Disciplined
Execution.

VISION & MISSION

PROJECTS

DELIVERY
APPROACH...

01 - Assessment & Planning

Feasibility studies, cost modeling,
risk mapping

02 - Design & Engineering

Value engineering, MEP integration,
regulatory compliance

03 - Execution

Fast-track construction, quality
protocols, progress tracking

04 - Handover & Support

Commissioning, defect resolution,
operational readiness

05 - Post-Delivery

AMC contracts, preventive
maintenance, upgrade cycles

06 - Emergency Response

24/7 breakdown support, rapid
mobilization

SERVICES

CONSTRUCTION

Quality
construction
for every project.

Residential and commercial construction delivered with precision and adherence to international standards. We manage complex builds on accelerated time lines while maintaining quality control and cost certainty.

TURNKEY PROJECTS

Designing facades
and outdoor
spaces.

NK QS Solutions delivers complete turnkey projects from initial concept through final handover. We manage design, procurement, construction, MEP integration, fit-out, and commissioning - providing clients with a fully operational facility ready for immediate use. Our integrated approach eliminates vendor coordination risks and ensures single point accountability for schedule, cost, and quality.

FIT-OUTS

Transforming
spaces into functional
areas.

Transform empty or underutilized spaces into fully functional, customized environments. From corporate offices to retail spaces, we deliver fit-outs that meet design specifications, budget targets, and accelerated schedules.

SERVICES

EXTERIOR SERVICES

Designing facades
and outdoor
spaces.

Durable façade engineering, hardscape construction, and landscape design that enhance both architectural appeal and structural performance. Weather-resistant materials and proven installation methods ensure longevity and low maintenance requirements

SERVICES

MEP & HVAC DESIGNS

Mechanical,
Electrical, and
Plumbing Systems.

Integrated MEP and HVAC systems designed for energy efficiency, indoor air quality, and operational reliability. We handle electrical distribution, plumbing design, mechanical systems, and full HVAC solutions including design.

SERVICES

FURNITURE DESIGN

Custom furniture
blending style and
function

Custom furniture design and fabrication tailored to project specifications and brand identity. We combine aesthetic vision with functional requirements, delivering unique pieces that enhance interior environments while meeting durability and budget targets.

IK

REPAIR & MAINTENANCE (AMC)

Scheduled AMCs and Emergency Support

Comprehensive maintenance contracts covering preventive servicing, breakdown response, and system upgrades. Our 24/7 emergency support team ensures rapid mobilization for critical repairs, minimizing downtime and protecting asset value through the facility lifecycle.

SERVICES

EMERGENCY SERVICES

24/7

Rapid Response

Round-the-clock emergency response for critical building failures, MEP breakdowns, and urgent repairs. Pre positioned materials and trained teams enable rapid mobilization, ensuring business continuity and occupant safety during facility emergencies.
